

Black Gator® ESP Work Table (Stove Pipe)

The Black Gator® ESP Work Table (or stove pipe), is a lightweight, working-height table that supports the weight of the Electric Submersible Pump and bypass tubing when installing at the well site. The weight of the installation is transferred into the table by the ESP lifting clamp and bypass tubing safety clamp. The standard table weighs 143 lbs for ease of lifting.

FEATURES

- Lightweight
- Lifting handles
- Safety gate prevents swinging of assemblies
- Optional adapter plate for rotary table

SPECS

- 40,000 lbs SWL
- 7" cutout
